— PROJECT BLUE LIGHTS OFFICIAL PRESS RELEASE —

## FOR IMMEDIATE RELEASE:

The exciting announcement of the formation and launching of a new grass-roots effort titled: **“PROJECT BLUE LIGHTS© — 2020”**...the bold re-creation/continuation of the Government’s infamous **“PROJECT BLUE BOOK”** UFO case files—the 70-year official Air Force/media cover-up/debunking program designed to investigate the UFO/ET/UT phenomenon beginning in June, 1948...then unofficially closing shop in December, 1969.

WALLS, MS — May 2020: Dr. Jaysen Q. Rand, author of *The Return Of Planet-X* and *The Reality Engineers*, is currently heading this dynamic movement to organize/staff/launch their all-civilian professional UFO/ET/UT investigative/research/documentation group headquartered here in the United States...*“The Project Blue Lights Disclosure Project.”* (see *Disclosure Proposal and Poster*)

*“Project Blue Lights”* © 2020, stands ready to unleash a powerful new arsenal in the UFO wars by establishing an unprecedented worldwide alliance of hundreds of seasoned experts, eye-witnesses and reporters, who owe their allegiance not to any particular government, but to the peoples of the world! We promise to take ‘no prisoners’ and ‘give no quarter’ in our all-out campaign to expose the truth about the ongoing UFO/ET/UT phenomenon. US public opinion polls (1997) indicate that 80% of Americans believe in the actuality/existence of modern-day UFOs/ETs/UTs found within the reality-streams of our daily lives.

*“Project Blue Lights”* is now spearheading this history-making effort as we fast-challenge their clandestine program with its past scenarios of the U.S. Government’s outdated 70-year official Air Force/Pentagon media cover-up agendas. They’ve been investigating the mythos and mysteries surrounding the reality/actuality/factuality of UFOs/ETs/UTs and the ever-expanding/arcane Extraterrestrial Hypothesis between 1947 and 2020. After 70-years the government’s infamous UFO/ET/UT *Project Blue Book* whitewash is finally over! And just like it was stated in the *“X-Files”* TV series and films — we’ll soon find that in all probably: *“The truth is out there!”*

Posting an excerpt from author Brad Steiger’s classic 1976 paranormal tome, *“Project Blue Book (A Major Document)”*, ...here quoting from his book’s introduction: *“An Exercise in Charting a Phenomenon”* — page 18/para. 2...

*“The history of Project Blue Book alone has shown that the UFO phenomena is mainly that of a public relations problem. The fringe of believers in extraterrestrial visitation continues to grow. UFO hobby clubs are a constant critic of Air Force (government) policies—the majority of these clubs (organizations) profess to be studying the phenomena scientifically.”*

— END —

Those very words written by Steiger, a noted author/lecturer/UFO/ET/UT expert and consultant, appear just as relevant and fresh today some 44 years later—as the ongoing official UFO government cover-up continues unabated. The latest debunking/then retraction of current ‘extra-terrestrial visitation events’ is alive and well following the U.S. Navy’s latest disclosure of their formally TOP-SECRET radar/sonar/visual sightings of exotic ET/UT spacecraft being chased by war planes during dramatic Naval exercises conducted near San Diego, CA in 2004. Then in fall 2019, this UFO sightings evidence was released to the press and public as exclusively reported by *FOX Television News* broadcasting personality...Mr. Tucker Carlson a few months back.

As expected, the Navy's official pentagon pronouncements and their denials came almost from the beginning of these newest UFO/ET/UT revelations. Official government statements included media denials that no military-type aircraft were near, or in the immediate vicinity of these UFO sightings, and that no civilian airliners or private aircraft were reported in the immediate area either. That was it, a flat out denial! Their instant response/denials to these leaked news stories, suggested that these UFO reports (by professional Navy pilots) appeared suspicious! But were they?? When the actual evidence (radar/sonar/pictures) were publically exposed/broadcasted for all to see and judge, their ongoing ruse was suddenly over...or at least it appeared to be...

Yet, just two weeks later—the Navy retracted their original denials sheepishly stating: *“Military aircraft were seen operating in the immediate area during active operations with the fleet and their UFO sightings were well-documented and preserved from official Navy records.”* Not surprisingly, these official TOP-SECRET UFO reports/videos had been suppressed for nearly 15 years.

As our *“Project Blue Lights”* Disclosure operation begins assembling its professional staff of investigative UFO researchers across the country—UFO reports and stories such as these U.S. Naval sightings will be considered upon their specific merit. *“Project Blue Lights”* will also seek affiliations with other credible UFO/ET/UT study groups and research organizations such as *MUFON / APRO / NICAP / CUFOS*, and we are presently in the process of asking *The Arlington Institute* Arlington, VA, (now considered to be one of our country's pre-eminent “think-tank” organizations), to consider working with us to share in, document and report our *“Project Blue Lights”* findings, evidence and conclusions. As we begin racing towards the end of 2024...(to what the mystical Mayan prophecies described as *“The Cosmic End Of Time”*) ...we may see the first simultaneous/global open/public UFO/ET/UT physical sightings of their Ultraterrestrial spacecraft appearing over dozens of major world capitals located throughout planet Earth.

For some unknown and truly arcane reason, their *Mayan Celestial Calendar Codex* is forecasted to inexplicably end December 2024. According to ancient Mayan cosmology—‘time’ as we know it here on planet Earth reaches its climax on that date. *And no one seems to know exactly why!!* As reported in our book, *The Return Of Planet-X* and written across the scroll of time and space, we believe *Planet-X (Wormwood)*, did return to our solar system in early 2007 and will not leave it until 2024. We also believe that planet Earth will continue to experience an ever-escalating number of UFO/ET/UT sightings/landings/new ET/UT visitations through 2024. Now old history... consider the O'Hare Field UFO incident (Nov. 2007 in Chicago) and the mysterious Stephenville, TX, mystery (January 2008), and the Gulf Breeze sightings (1980), echoing our book's premise anticipating the ongoing rise in UFO/ET/UT activity here in the states/across the globe—UFO encounters up close/at large/and in real-time for the hungry masses to investigate.

We humans are finally waking up to the actuality of the UFO/ET/UT Hypothesis. Over the past dozen years, numerous books, magazine articles, radio and television programs, have certainly captivated the public's attention...all dealing with this paranormal phenomenon on a much more frequent basis. Back in January 2014, the *History Channel* began airing its epic and bold prime-time UFO TV series: *“Ancient Aliens”* — with the public totally tuned in within all age groups/ethnicities/life styles—according to the Neilson 2019 TV ratings. —*The good news is that the History Channel currently embraces these topics with new programing/research/production on all topics/theories of UFOs/ETs/UTs in their nature/scope/fact.*

*All weekend long an interesting variety of “Ancient Aliens” topics & presentations will certainly entertain and educate you on these challenging subjects. So tune in and learn all the facts...*

Press Release Page Three:

Several major cities now offer excellent support groups presenting frequent lectures on their “contactee/abductee” phenomenon scenarios—with real folks from all walks of life beginning to openly discuss their ET/UT experiences regarding apparent ‘genetic manipulation’ at the hands of these other-worldly beings. It should also be noted that this arcane dynamic found within our own writings and research, soon proved to be much more involved/interesting/daunting than what we could have ever have imagined it. We now suggest that the public investigates this UFO/ET/UT phenomenon with an open mind—linked to our research concept that the ‘larger cosmic picture’ of our ongoing *Planet-X* saga—may well involve a major connection to our global UFO/ET/UT hypothesis as it affects the United States and world community in general.

There are literally many thousands of books and magazines articles written on this subject currently available in bookstores, libraries and all across the Internet. We firmly believe that UFOs/ETs/UTs are now intricately connected to the daily drama of our lives and that this self-illuminating arcane aspect of Earthian reality cannot simply be ignored or ridiculed much longer. Remember, “*Project Blue Lights*” firmly supports the government’s *Project Blue Book* disclosure efforts looming near on America’s event horizon.

Please join with us in making our epic/bold/new “*Project Blue Lights*” DoD disclosure endeavors a great success. We’ve just completed our formal *Disclosure Proposal* for presentation to the Pentagon for approval and funding in 2020. Thankfully, the government’s unofficial UFO/ET/UT whitewash agenda is finally over! Let’s all look forward to the Extraterrestrial/ Ultraterrestrial Hypothesis enigma finally being resolved!

Note: Please take a moment to review our attached “*Project Blue Lights*” DoD Disclosure Proposal and our official poster...and then consider signing in to our nationwide “Disclosure Petition” demanding that the DoD opens up their formerly TOP-SECRET UFO/ET/UT files to the general public. Hopefully, you’ll join me by supporting our new “*Project Blue Lights*” ‘*Go Fund Me*’ account to accomplish this monumental task on behalf of the American public.
