Cory Wade (Music Producer T.K. Productions, Hialeah, Florida)

Cory Wade is a former American record producer, Director of A & R, song writer, publisher, and recording studio manager who produced more than 35 gold and platinum records between 1973 1982. He has won numerous music industry awards, a Grammy nomination and two American Music Award nominations.

Wade is best known for producing some of the biggest hits in the world of Disco music in the 70s and 80s. A top producer for TK Records, Wade produced the 1977 gold/platinum single "Do Ya Wanna Get Funky With me," by Peter Brown, which became the first 12"-inch single to sell a million copies. Cory Wade also produced hit recordings for Foxy, including "Get Off"...also selling more than a million 12"-inch and album copies. T-Connection from the Bahamas, also sold into the millions with a number of their disco-funk singles, 12"-inch and albums. Wade also produced a hit album for local artists, "Tiger, Tiger" ...two brothers and their group who came from the Florida Everglades Mickasukki Indian Tribe. Working with other TK Artists like George and Gwen McCrae, Betty Wright, Wildflower, Timmy Thomas, Funk Machine, KC and the Sunshine Band, Steve Gordon and Aaron Dey... Wade producer over 100 top-selling records. Notably, his first gold record came from the newly formed 20th Century Fox Records in 1972 when he produced the first 'Rap Record' titled "Love Jones" ...which rode the number one slot on the music trade listings for more than a month.

After pursuing a vigorous writing career from 1983 to 1991, Wade made a sudden comeback with a remake of Peter Brown's mega-hit, "Crank It Up" recorded by singer, dancer, artist Lawrence Leritz (Los Angeles based) which hit the dance market and thrilled the New York and cross-country disco crowds once again. Early into his career in 1962 he himself became a recording artist (self-produced) with several regional hits until he entered the Army in August 1963. After returning from his military service he reentered the music field producing the instant hit... "Letter From A Teenage Son" released on Mercury Records, Chicago. It rode the charts for weeks as a plaintive lament during the unpopular Vietnam war buildup in 1972.

As a producer, he has covered music in many fields including disco, pop, R&B, funk, Christian, rock and instrumentals including "Disco Magic" by T-Connection...which still remains as one of Europe's most popular tunes and is played on most major world airline (in flight) music channels.

During his long career in the entertainment industry Wade produced music for the following music recording labels worldwide: TK Records, Atlantic, Columbia, RCA, Epic, Phillips, USA, Mercury/Phonogram, Priority, Mar-vu-lus, 20th Century Fox, Odyssey, Capital, K-Tel Domestic, Polygram, Toddlin' Town, Hot Productions, Spectrum Records, MCA, CGD-MM, Ariola, Epic/Sony, TK/Canada, K-Tel/Canada, Polydor, Odyssey/Media and Raintree Records International.

Wade is currently working on several music soundtracks for motion picture film projects he's actively developing while also writing the screenplays. Cory resides in Walls, MS and is the host of two radio shows broadcasted on the LNM Radio Network and syndicated in over 24 major markets worldwide.

National Academy of Recording Arts and Sciences (NARAS)
Sigma Phi Kappa Fraternity, National College of Chiropractic, Chicago, IL
Soverign Order of Saint John of Jerusalem, Knights of Malta, Esquire of the Order
Permanent Member, First World UFO Congress – Official U.S. Delegate
Academy of Energyinformative Sciences, Russian Academy of Sciences, Moscow, Russia

AWARDS and HONORS:

Cory has been the recipient of over 40 major national music awards, including numerous gold and platinum records, two Grammy nominations, and important industry recognition from RIAA, NARAS, NATRA, *Billboard Magazine*, *Record World*, *Cashbox*, a *Readers Digest* feature article on dance music, *60-Minutes* special, and Dick Clark's American Music Award nominations.

PROFESSIONAL BACKGROUND:

Cory Wade is a gold/platinum, multi-award winning music producer/recording artist/songwriter/music publisher/recording studio business manager. He began his career in Chicago and Nashville and is a 35-year veteran of the entertainment industry.

Wade is currently developing a series of entertainment projects for film and TV including their soundtracks. Most notably, is *The 12th Planet* TV series, a futuristic Sci-Fi drama ripped from the pages of everyday reality. Based upon years of metaphysical research, it reveals Earth's present-day journey into the forthcoming "Age of Aquarius," when Gaiya (Earth's spiritual name), meets her long-lost and mysterious twin sister world – the ghostly fabled *12th Planet*, in the year 2012.

Several other UFO/ET related TV projects and Mini-series scripts with music soundtracks are also under development. As an Honorary Academician in Russia's Academy of Energyinformative Sciences Division, Cory Wade continues to write selected works on current topics regarding UFOs and extraterrestrial communications. He accepts selected speaking engagements and private film/TV consultations in the field of global UFOlogy with special emphasis in the entertainment field.

MILITARY BACKGROUND:

A Specialist 5th Class, assigned to the 5th Army Recruiting Station as a Media Director, Wade researched, prepared, and conducted technical seminars for US Army recruiting specialists, public relations specialists, and technical staff, briefing officers on the art of developing and presenting briefings and public information programs. Served as professional film model for several Army Recruiting campaigns for Fifth Army Recruiting Headquarters with special attention to local programming in Chicago, Illinois, and adjacent tri-state area.

As a public relations, radio/television and print media industry communications specialist, Wade was in direct control of the entire 5th Army Recruiting Media Division with responsibilities that included the Wisconsin, Illinois, Michigan and Indiana districts served under the 5th Army Headquarters jurisdiction. It was this direct involvement with the media services which enabled him to launch a brand new TV/music career on his honorable discharge from the military in 1966.

Cory Wade is the proud recipient of over 20 Military Commendations and Special Army Awards.

STUDIO CENTER RECORDING STUDIOS IN NORTH MIAMI, FLORIDA PICTURE CIRCA: 1981

CORY WADE
Gold and Platinum Records

– MILITARY BACKGROUND –

RANK AND BRANCH OF SERVICE:	SPECIALIST E/5, U.S. REGULAR ARMY
DATE ENTERED SERVICE:	6 AUGUST 1963
DATE HONORABLY DISCHARGED:	13 JUNE, 1966
RESERVE STATUS:	INACTIVE RESERVE, CLASSIFIED CLASS 4-A 24 July, 1968

First Active Duty Service Job:	915.10
Classification:	Clinical Psychology Specialist

– DUTIES –

Receiving, appointing and interviewing active duty Army patients. Administration, testing and evaluation of various psychiatric examinations. The receiving, managing and answering of all incoming Army forms, letters, testing certificates, case, medical and field records, drug forms, psychiatric evaluations and certificates. In addition, general responsibility for receiving and managing of all incidental office communications, typing all correspondence, certificates, statements, evaluations, command letters and reports. Patient case loads included daily rounds conducted within the base hospital for all patients treated under the medical facility's jurisdiction.

Second Active Duty Service Job:	926.11
Classification:	Special Services Entertainment Division

– DUTIES –

Reassigned to the 7th Infantry Division's Bayonet Chorale, a 30-member entertainment troupe especially created to deliver self-contained packaged shows and speciality programs throughout Korea, Japan and the far east. Private Bondora spent four months in his first assignment at the Division's base hospital before being reassigned to the Bayonet Chorale at Hdqs. & Hdqs. Co., 7th Infantry Division, Camp Casey, Korea. Paul helped to write, produce, sing and star in the many different shows his musicale troupe performed. Pvt. Bondora was the program, stage manager and a talent Judge for the annual USARPAC (U.S. Army Pacific Command) entertainment contest. The Chorale also joined the annual Bob Hope Christmas show which visited Camp Casey playing the 7th Infantry Division Headquarters Arena on 21 December, 1964. Paul also organized the annual Camp Casey Christmas show playing to more than 6,500 GI's on 23/24 December '64.

Third Active Duty Service Job:	914.12
Classification:	Division Mail Clerk/Day Room Orderly

– DUTIES –

After traveling the balmy summer months entertaining in the Bayonet Chorale, Private Bondora accepts a promotion to Corporal's rank becoming the 7th Inf. Division, Hdqs. & Hdqs. Company's Mail Clerk/combination/Day Room Orderly. Carrying two black M-16's and dual 45s, Corporal Bondora has charge of a field jeep, a two man chopper (with pilot when needed) and an assigned Korean (Katusa) soldier, who acts as his security guard/driver/assistant and friend 24/7. On leaving this assignment in January '65, his efforts created an efficient delivery system serving over 450 command officers and Army support teams during a cold/harsh/snowy Christmas, 1964. Carrying sensitive and often secret command communiques, regular mail packages and pouches, Hdqs. & Hdqs. Company "mail room policy" becomes the Division's mandatory model for future U.S. Army Pentagon standards/inspections. Paul advances two ranks up to SP/4 as he leaves Korea, having sponsored a massive U.S. clothing drive aiding hundreds of abandoned Korean/American (mixed-blood) children, fathered by G.I.'s over the years. During his return leave to the states, Paul visits the Pentagon to secure a new duty station back home in Chicago. His service record and reputation at Camp Casey earns him the right to chose a new duty station.

Paul B. Bondora Enlisted - RA 16 770 513

Fourth Active Duty Service Job:
Classification:

006.71
Public Relations Reporter Specialist as:
Producer, Photographer, Writer, Actor

- DUTIES -

Managed and promoted various forms of public relations contacts with the news media, radio, television, national, civic, regional, local and other civilian agencies including civic federations, political and police departments. Wrote, directed and administered promotional news and official copy used in AM/FM radio, television and U.S. Army commercial Recruiting spots, official military speeches, etc., used by Military V.I.P.s. Promoted to SP/5, Paul organized and conducted special tours and lectures for use in promoting basic U.S. Army Recruiting Service policy/activities in the Fifth Army Tri-state area (Illinois/Indiana/Michigan.) Wrote, organized, presented Public Information Briefing Papers as well as attending U.S. Army education conferences/lectures/seminars with selected speaking engagements at official/public affairs.

Assisted all levels of Fifth Army Command within the recruiting service area including Regular Army and the Women's Army Corp., Service Divisions. His main focus was to build an active Public Information Center capable of responding to more than 165 outlying recruiting stations in the Fifth Army area. Under Specialist Bondora's direction, he organized and maintained new recruiting office procedures at Chicago's main armed forces induction center located at 615 West Van Buren Street. Paul also officiated at all incoming/outgoing Public Information and Public Relations meetings as well as conducting personal contacts within the civic community.

During his remaining 10 months of active duty service in Chicago, Specialist Paul Bondora became the driving force organizing a number of high-profile U.S. Army Recruiting Service entertainment projects. These endeavors complimented other official government publicity events greatly benefiting the United States Fifth Army Recruiting Command which included:

- A special American Red Cross fund raising drive (he wrote, produced and starred in a number of public ad campaigns) designed to aide military service men returning from overseas duty.
- A special Women's Army Corp. sponsored AM radio campaign entitled: "A Valentine For A G.I." on WCFL radio for Valentines Day, 1965, that generated thousands of valentines for G.I.'s.
- Organized Spring/Summer/Fall/Christmas dances (In conjunction with the "USA Salutes the USO's 25th Anniversary" celebration conducted throughout the Tri-state area during 1965.
- Organized, produced and performed for *The Fraternal Order of Police* (the Chicago Chapter) annual Thanksgiving Day, "Pie Hop-A Pie For A G. I." event staged downtown at Chicago's elegant Sherman House Hotel. An additional event titled: "The Policeman's Pumpkin Pie and Food-Stuffs Pick-up For Chicagoland 'Orphanages' and 'Homes for the Elderly Program,'" was also organized produced and directed by SP/5 Bondora.
- Paul was also an M. C. and featured guest speaker at a number of official USO Award Dinners.
- Helped to organize the city's 1965 "American Association of Health, Physical Education and Recreation Convention" held in Chicago (March 17-21, 1965), in conjunction with the U.S. Army Recruiting Service, Fifth Army Headquarters Division, Fort Sheridan, IL.
- Organized the U.S. Army's Recruiting Service 5th Army Command sponsorship of the World Championship "Golden Knights Parachute Sky Diving Team Exhibition" at the 1965 Boy Scout Jamboree held at Kankakee State Park, Kankakee, Illinois. SP/5 Bondora acted in the capacity of Public Relations representative, official host and photographer serving the Fort Bragg Army parachute team as they performed for several days during the Boyscout's Jamboree activities.

**The INTERNATIONAL
ACADEMY
of ENERGOINFORMATION
SCIENCES**

The status of the Academy

The Academy of energoinformation sciences - the international, ungovernment, social creative self - governing and self - financing higher scientific institution, carrying out fundamental and applied investigations and preparation of the scientific personal in the field of eniology.

Eniology - the field of scientific and human knowledge and also the name of the new interdisciplinary science, which is borning on the brink of the phylosophie re - comprehension of the humanity's ancient experience in the worl of keen interactions among living objects and sluggish matter from the modenen positions of natural sciences. It appealed to study unknown, objectively displaing phenomena, processes, objective laws governing the energetic and information interaction and material rotation in nature and society, including the man, social, biological and cosmoplanetary spheres, and to develop ecologically clean technology and means, based on employment of unic, untraditional principles and methods of ephirodynamic, physical vacuum, cosmobiorythmology, astrology, uphology, biolocation, psychology, psychotronics, transpersonal psychology and folk cultures of health.

The International Academy is the juridical person and unite the world association of prominent scientists and the most competent experts in eniology. The workers of arts, experienced folk doctors and bysnessmen, rendering the Academy help and Financial support can be also elected in members of the Academy.

The main purposes of the Academy

To achieve scientific and practical results, corresponding the humanions combination of nature, technic and the Man, based on united principles of the energoinformational interaction in all spheres of human's life; the cognition and practical employment of discovered objective laws in industrial and agrarian sectors, untraditional medicine and medical technology social sphere, culture and arts.

The rendering of aid to the formation and developing of eniology and folk medicine as complicated fields of scientific and practical activities. The realisation of its' potencial in cheap, ecologically clean technology, methods and means for the solution complex of actual problems in scientific - technical progress and improvement of sanitary conditions of the inhabitants.

The preparing and certification of new generation of scientists, engineers and doctors with a broad outlook and fundamentals of eniology.

The assistance to the scientific - educational structures in further training of staff and future improvement of the profecional level of staff taking into account the knowledge about fundamental objective laws of energoinformational interaction in nature and new technologies, based on eniology's

achievements.

The developments of the system of scientific, engineering, medical, cultural and etc organizations all over the world. The participation in control of the development of civilized business in eniology.

The assistance to the formation of the new level of man's creative and spiritual abilities, the study and mobilization of people's spontaneous, latent reserves.

Directions of the Academy's activities and sums

The scientific - research direction - the elaboration of natural and methodical fundamentuls of eniology, the study of unknown, anomalous phenomena, the discovery of the objective laws in proceses of energoinformation exchange in interactions between the Man and the society, the nature and technical means, the realization of fundamental investigations and design work, connected with the carrying out of different programmes.

The engineering direction - the creation and the inculcation of cheap, untraditional, ecologically clean technologies and means, including the medical diagnostic apparatus.

The coordinational direction - the determination of the most important directions of fundamental investigations in eniology, the realization of scientific competitions, the formation of the academical structures all over the world, the quest for new original scientific methods, the rendering of informational aid and formation of bases of knowledge and banks of facts on opened and investigated phenomena, technical decisions, ideas, the participation in the formation of international informational systems, the organization and realisation of scientific - practical symposiums and conferencions.

The international direction - the formation and realization of versatile, branch, joint programmes; the development of different forms of scientific and business cooperation, including mediation and complex presentation of scientific, engineering and commercial partners interests.

The production - commercial direction - the study of demand and supply on commoditys, work and services in eniology, and also realisation of commercial activities through the Fond of eniology's development and goroduction - trading structures, connected with it.

The Cultural - educational direction - the creation of unt raditional works of arts, achitecture, kino-, video-, photoproduction, the realisation of concert-theatre activities, the organization of exhibitios.

The principles of Academy's activities

It works on principles of the Charter of the Academy, without any interference from the state, government commercial and social structures.

It uses innovatory achivements of world science in physics, chemistry, mathematics, biology, informatic, cibernetic, psychophysies, transpersonal psychology, medicine.

Soviet Air Force Col. Marina L. Popovich, Ph.D., in full flight gear during flight training at the jet flight training school. Circa: 1954. The enduring legend of Russia's "Madame MIG" is born.

FORMER ARMY GENERAL PAVEL POPOVICH, COSMONAUT, DIRECTOR OF STAR CITY | PICTURE CIRCA: 1979

When I first meet General Popovich, it was at his downtown offices in Moscow's central district. We found Pavel to be quite funny very alert ...and he also proved to be a great Military host.

We began our visit with a double Vodka toast at 11:15 am, just prior to the start of an early luncheon date. More toasts soon followed.

Right from the start, Pavel was most eager to discuss his UFO sighting (not in space) while flying a routine training mission with their Soviet Ukrainian military fighter squadrons.

Pavel said the alien craft never actually threatened him... it just shadowed his speeding fighter aircraft as if to self-introduce its' UFO presence to him, displaying a gesture of peace lasting for several minutes in duration. Then it speed away up into the clouds with its incredible speed and its controlled direction of ascent.

Later in their careers both he and Marina became high level Kremlin sponsored UFO/ET/UT authorities and teachers, researchers and official Kremlin field investigators for many years. They would both go on to write a number of best-selling books on the UFO enigma engulfing Russia circa: 60s/70s/80s.

General Pavel Romanovch Popovich... was a Soviet Cosmonaut and was the fourth Cosmonaut in space, sixth person in orbit, and the eighth person in space.

General of the Soviet Army, Pavel Popovich was born on Oct. 05, 1930. He died on Sep. 29, 2009. His nationality was Russian and he married Col. Marina L. Popovich whom he met in flight school during their daily training sessions.

Time Line of Military Service: Graduated flight school in early 50s serving in the Soviet Air Force and later becoming one of their top fighter plane test pilots.

1962: Joined the Cosmonaut program commanding space flight Vostok 4, along with his flight partner, Andrian Nikolayev on Vostak 3, was the first time that more than one manned Russian spacecraft were flying in orbit at the same time while also linking up together in space.

1978: From 1978 he was the Deputy Chief of their Gargarin Cosmonauts Training Center in Star City, responsible for all research and testing work for their expanding space program trying to beat America to the moon first.

1982: In January 1982, he was removed from the list of active Cosmonauts, so that he could serve as Deputy Chief for Scientific Testing and Research in their Star City space flight training center located about 82 miles NW of Moscow.

This is an exact photo copy of my special gift from General Pavel Popovich and Colonel Marina Popovich. It's a hand-crafted pilot's watch sent into space by Cosmonauts chosen to command the Russian's MIR space station in 1974. 150 of these precision time pieces were being tested to see if they would survive in space. They did, thank you and I was lucky enough to be given one by Pavel and Marina on December 22, 1992 upon our departure from Moscow International Airport. The famous Russian symbol of the Kremlin's 'Red Star' is displayed on the watch face by tiny inset ruby gemstones and was presented to me following my honorary induction into the Russian Academy of Sciences on December 18th 1992.
